Quotes

"Carolina Blue's ability to deliver the old traditional bluegrass standards together with many of their own new and original songs had our audience clapping their hands and tapping their toes. By the end of their first set, the audience gave them a standing ovation and encore... and it was only 10am in the morning!" – *Nancy Rogeski, Promoter - County Bluegrass Festival*

"...bluegrass comfort food. Something warm and familiar that takes you back to an earlier time. It's good even when it's average. But when it's just right, as it is with Carolina Blue, it can't be beat." – *John Lawless, Bluegrass Today*
